

Insertbeginsll

Monday, August 10, 2020 10:25 AM

Algorithm

```
I/P: start, avail, item
insertbeginsll(start,avail,item)
if avail = NULL
    print "overflow"
    exit
end if
save <- avail
avail <- link -> avail
if start = NULL
    start <- save
    data -> save <- item
    link -> save <- NULL
    exit
end if
ptr <- start
start <- save
data -> start <- item
link -> start <- ptr
end
```
